COMSTOCK PARK HIGH SCHOOL

COMSTOCK PARK, MICHIGAN

Dedication:

Dr. Richard Hendra

Often when Dr. Hendra's name is mentioned a vision of white socks and crew cut comes to mind. He is a quiet man and yet he communicates with everyone. This is only a part of the man who has so well filled the job of superintendent, at Comstock Park. In this, his first year as superintendent, he assumed with good care and authority its many duties. More important he has, in short time, taken an genuine interest in the sports, activities, and well being of the students of Comstock Park.

Forming The Image

First Row: Advisor Mr. Micheal Wolven, Julie Barrett; President, Advisor Mr. Howard Meyers. Tree: Chris Burdick, Treasurer, Marleen Murphy; Secretary. Missing from Picture: Gary McConohie; Vice-President.

Upon entering high school, a student begins a new phase in his education. A Freshman must learn to do many new things, both in and out of the classroom. Of course, class participation is probably the most important. At this time a class forms its high school image. This would be a difficult task for anyone, but fortunately Freshmen seem to have an unlimited supply of energy to compensate for their inexperience. This year the class of '78 has striven to put this enthusiasm to its best possible use.

Wholehearted Contributions

First Row: Advisor Mrs. Debbie Jean, Kathy Miner, President, Advisor Mr. Gerald Hopkins. Second Row: Theresa Foster, Vice-President, Becky Brumels, Secretary, Laura Kimberlin, Treasurer

The second year of high school is usually a more serious and productive year. The Sophomore class had a chance to get it all together this time around and all throughout the year they have devoted themselves wholeheartedly to many a classtime and extracurricular activity. The 1974-75 Sophomore class will be remembered for their often unheralded but nevertheless important contributions to this school year.

CONSTANT COMPETITORS

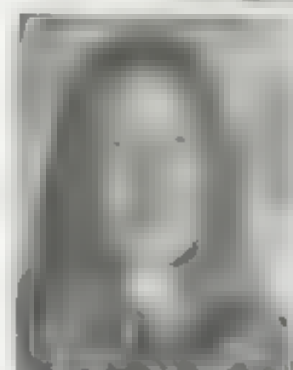

First Row Mike Slack, Treasurer Second Row Advisor Mr. B. Taylor, Janis Brown; Vice-President, Sally Herr, Secretary, Cindy Hibbard; President, Advisor Mr. Thomas Uptake

After two years of hard earned experience, the Junior class has become known as a class of competitors. This is shown by a great interest and respect for the activities and functions of the school. As this year comes to a close, we see them well prepared to assume the leadership of the C.P. student body as seniors.

They Are More

The key word in describing our teachers is: Dedication. Dedication to get involved, dedication that leads them to sacrifice part of their own lives, to help and guide the students whom they are hired to teach. To help them through sports or activities or just by caring and being a friend. Sure, their job is to educate, and they do it well, but our teachers have a lot more. More drive, more human interest, more dedication.

Efficiency

Mr. Ronald Ferris, Principal

Mrs. Jane Schaub

Mrs. Jane Hill

Mr. Paul Jones, Vice-Principal

The front office of our high school is much like the management of a business. It is their job to designate duties among the employees while answering to the direction of the superintendent and school board. The principals, their secretaries and their aides carry out carefully laid plans, making sure everything gets done and done right

Mrs. Charles Payne

Mrs. Doris Johnson

Plus

Beside the front office we have another very important office, our guidance office. The people who work in this office help the students with any and all problems ranging from schedule changes to college planning. They benefit us with their experience, but more important, they add a personal touch

Mr. Seth Cotton

Custodian George P. Palmer, Custodian Richard M. D'Amico, Custodian Dennis C. Gagne, Jack Halbert, Sgt. J. J. Kelly, and Sgt. Gary W. Jones

Jobs Well Done

There are more than just teachers on a high school staff. The people who transport us, cook for us, and clean our learning environment are all vital to the school system. Without them we would not be able to carry on any of the usual school functions, including Hille. The service provided by these people has been exceptional, so the yearbook would like to give these people thanks for a job well done.

Dr. Richard Hendra, Superintendent of Schools

Running a school system is a complex task. It takes business knowledge, the ability to plan ahead, along with a good deal of common sense. Here is where the Board of Education, Superintendent and staff step in. Without their help the present success of the school would not be possible.

The Class of '75 was unique. Collectively, the members were not outstanding participators; individually, they were remarkable contributors to their class and to their school. As Freshmen, the class did not hold much promise of success. The students were off to a poor start with a magazine sale that didn't work, an unsuccessful dance, and a Pep Week that was uneventful. As Sophomores, class members participated in a Donkey Basketball game that didn't make enough money, a Sweetheart Swirl that lost money, and in a Pep Week that was

nearly over before it started. Things started to pick up during the Junior year, however. Although the class still had financial problems, the students managed a successful Pep Week day and presented one of the better Proms. The Senior year was filled with excitement of Homecoming, the selection of class colors, announcements, and a motto, not to mention several last-minute fund-raising projects. The Class of '75 had its share of sadness, disappointments, and arguments, but the class had many times of fun and happiness, too.

The class of '78 produced for us this year, a fine football team. These hardy Freshmen well withstood the rigors of their first year of high school football, and went on to prove that winning is more a state of mind than anything else. Under the experienced coaching of Mr. Taylor and Mr. Campbell, the Freshmen finished with a good record, prepared for a JV championship next year.

Small In Number Great In Might

Again this year, the JV football team went undefeated in league competition. This year's team was small in number, only 20, but big in pride. Led by the expert coaching of Mr. Paskiewicz and Mr. Solow, the team mounted their victories both at home and away.

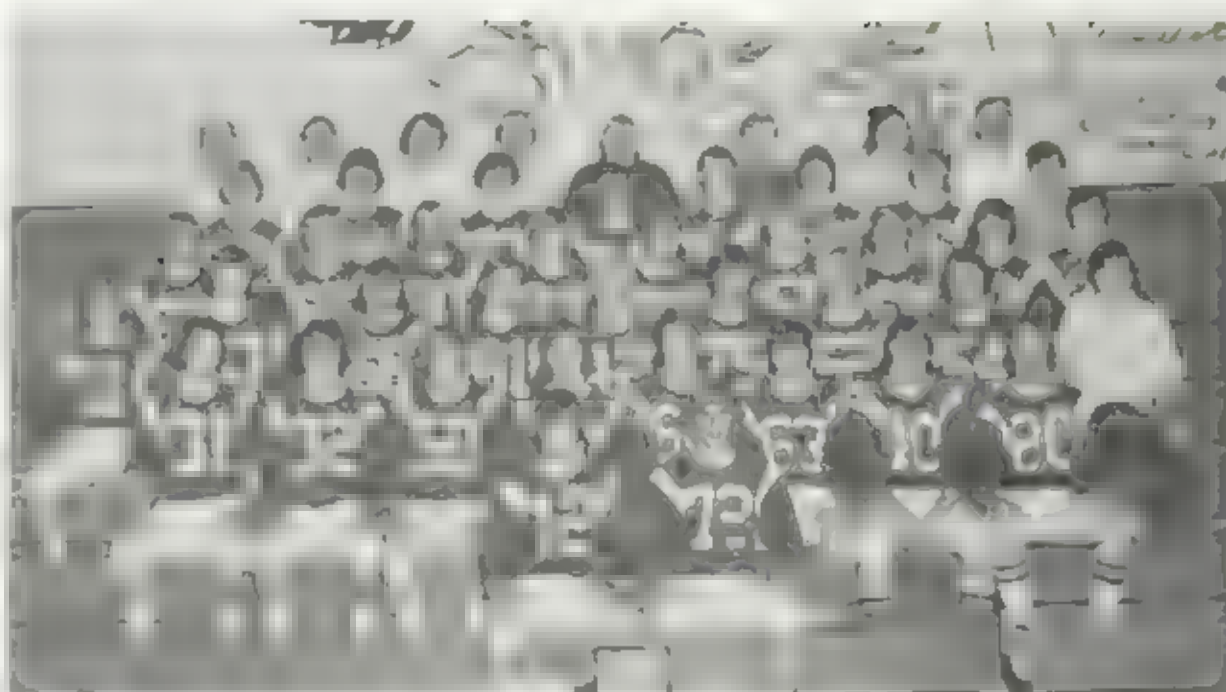

They Practice Hard ...

The Varsity football team once again made its bid for the OK-Blue Championship. And, again this year, finished out the season with only one loss and a championship shared with Middleville. The Co-captains, Scott Kurth and Kevin Kole, led their team to be one of the four high school teams in the state who were in a paper play-off for a theoretical state Championship, for class C schools. Coached by John Maxim and Bob Brinks, the Mean Green Machine instilled pride and enthusiasm in the students of CPHS.

Dedication Pays Off

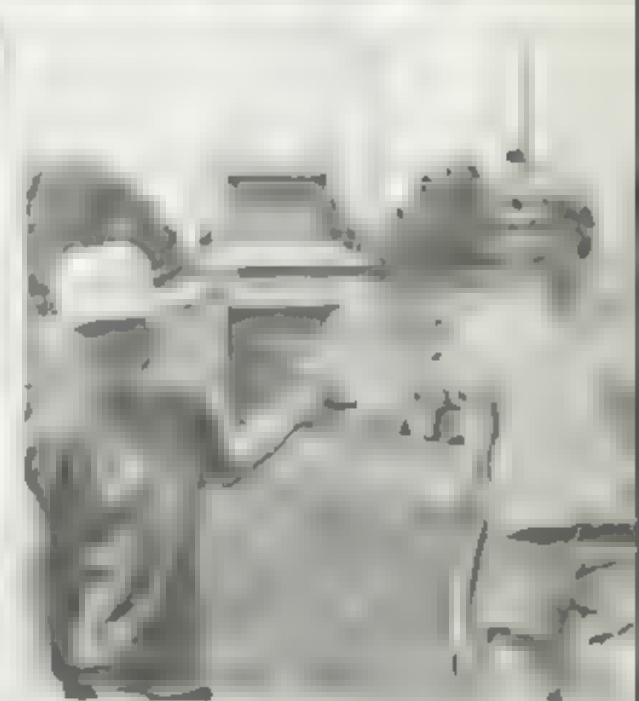

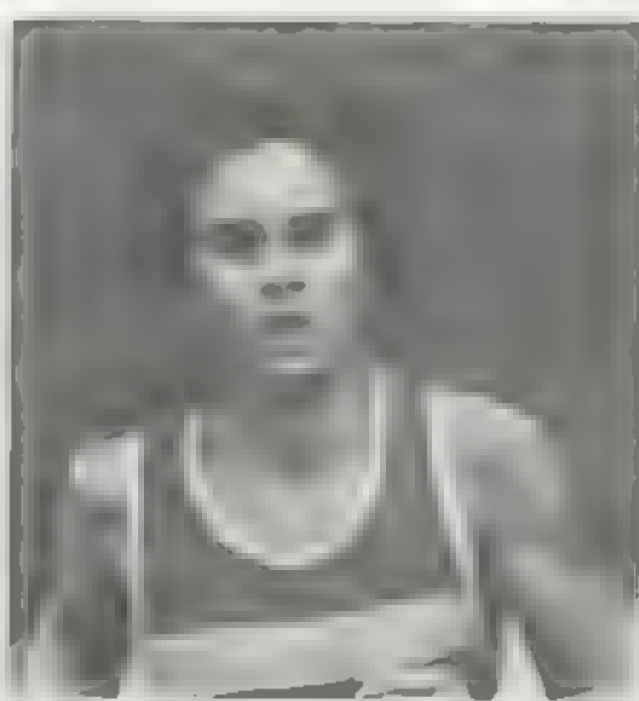

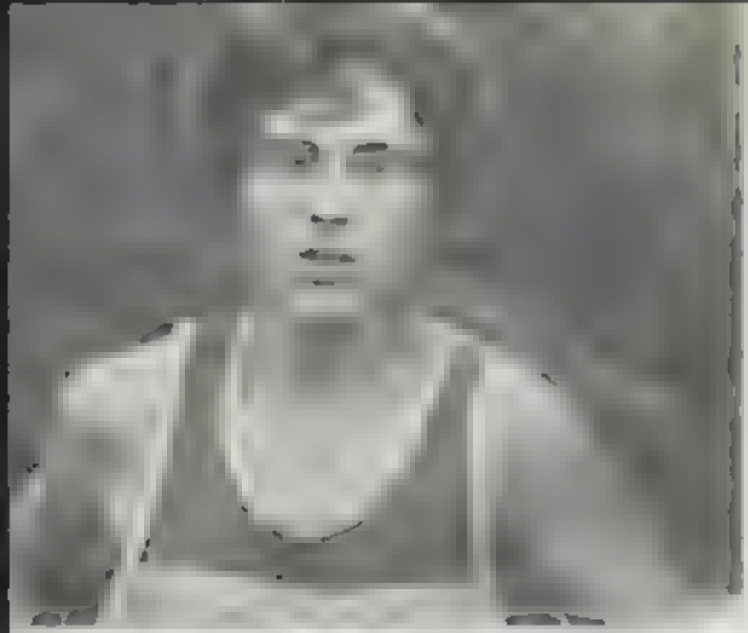

The Cross Country team is not as acclaimed as some of the other fall sports, but nevertheless these guys do their best in representing our school. This year all their hard work and dedication paid off when they placed third in the conference and sent a man to the state meet.

The CPHS golf season this year was not exactly a championship one, but it was fun. It has been rumored that the team's slight slump may have been due to the coach's chronic addiction to Fritos, but this is merely hearsay. The team, however, kept their noses salt-free and went on to prove that in a sport like golf, winning does not mean as much as personal satisfaction.

Co-Champs

The Girls Tennis Team did an outstanding job for the Comstock Park name. After coming in second place for three consecutive years, the girls took first place this season. The team went undefeated for the season and took second at the conference meet, putting them in a tie with Hudsonville as Ok Blue Conference Champs.

Our Varsity Basketball Team accomplished a lot this year, including among other things an impressive victory over age-old rivals Caledonia. Girls Varsity Basketball had a good season overcoming the disadvantage of an inexperienced team to take second place in the OK Blue League. The success of the team is due to their determination and hard work both at practice and during games. Coach Ramsdell showed her leadership qualities by bringing out the best in our talented gals.

Sometime it is unfortunate that a team's efforts are not put in the record book beside their final scores. The Junior Varsity Basketball team put a lot into their season although their record didn't show it. Despite their setbacks, they showed a lot of talent combined with the ingredient that all good basketball teams possess—sportsmanship.

Learning The Essentials

Backball is a fast moving sport in which teamwork, strategy, and rhythm are important. The coaches encourage the players to play with a smile and some of the excitement of the game is expected this season will be at every game.

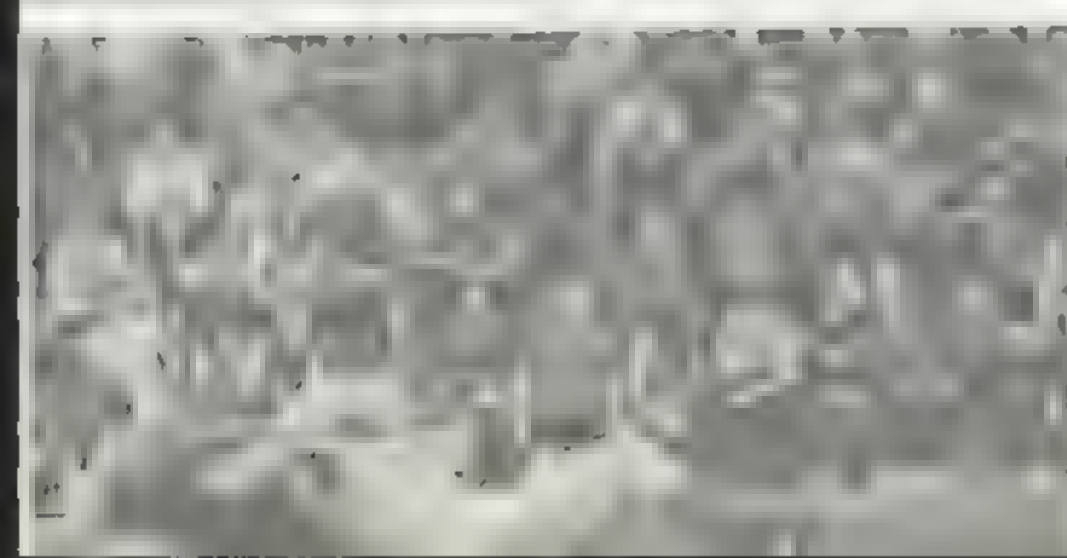

Stamina . . . Speed . . . Skill . . .

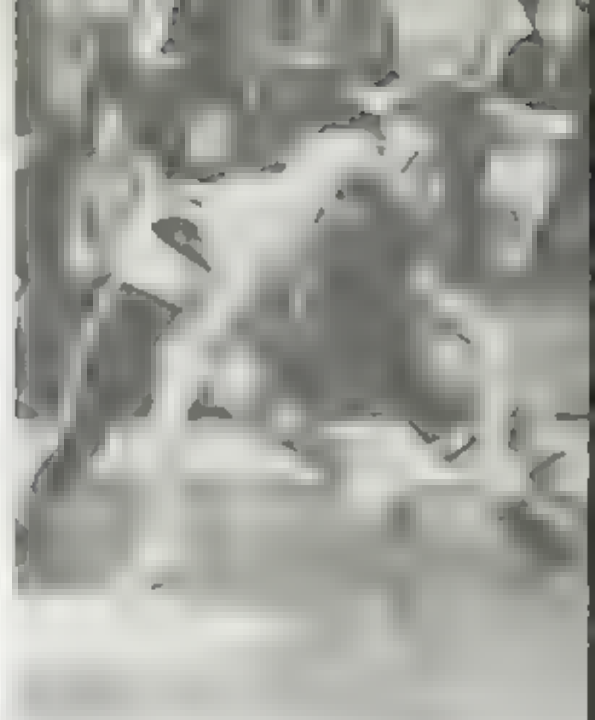

During the Wrestling season many things were seen at the meets including stamina, speed, skill, and great individual effort in competition. One factor that was also there but not always noticed by the spectators was the fantastic team effort that our Wrestling team always puts forth. The fans could notice the rallying ability of the team and how they all seemed to pull together, cheering each other on as each had his turn on the mat. What they didn't see were the stamina building drills, the repetitive practice moves, the hard-learned techniques, and all the cooperation it took to accomplish these. Here is where the team tried the hardest as a team, with each adding his own personal effort, whether it be large or small.

Bump-Set Spike

CP-15, everyone else-0. This is a score which any of the girls would love to hear. It means that all of their long hours of practicing have paid off, that the eternal yelling of their coach to Bump! Set! Spike! has proved worthwhile, and most of all that teamwork and team pride are essential for a winning formula. So we jump the net to congratulate these girls, and their efforts and believe me, that is some jump!

Never A Late Start

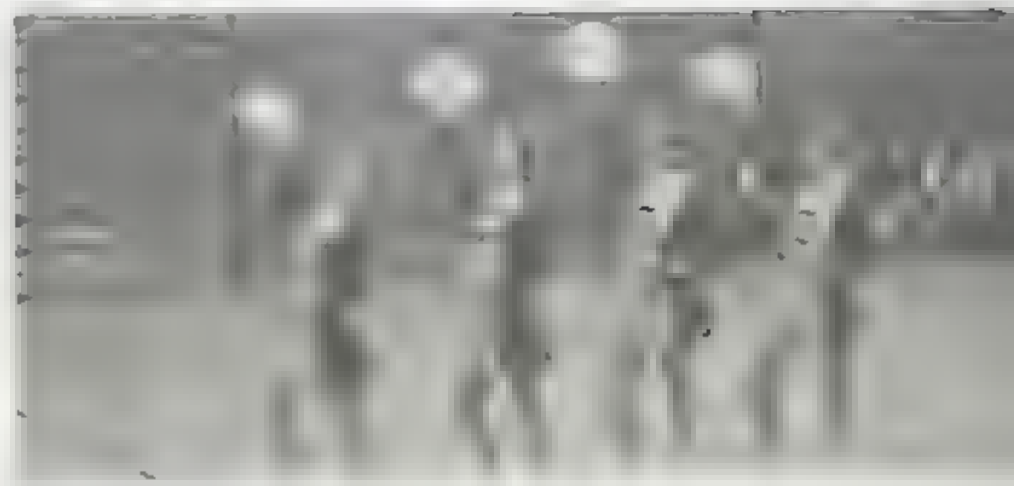

The Indoor Track Team is composed of nine or ten of the best competitors that the regular track team has to offer. They start the season early, in February, and travel from Ferris State to Kentwood, competing and often placing in indoor track meets. The sports is little recognized but the participants do the best they can, purely for the love of the sport

That's The Spirit

It is the job of the cheerleaders to help fire up the students and teams for whatever contest may lie ahead, and our girls do a great job of it. Not only do they lead pep assemblies and cheer at games, but they also attend camps and clinics to win trophies and ribbons for their cheering skill. They are truly the best.

Continuing Tradition

The traditional weekend of homecoming once again captured the imaginations of Comstock Park Students. Starting off the festivities was a very successful pep assembly on Friday morning that primed the students for the upcoming game. That afternoon, the Homecoming court was presented in all its pageantry, with King Scott Kurth and Queen Julie Zemites reigning over all. With the halftime announcement that the juniors had won the float competition, a 47-12 victory over Byron Center finished off the day.

Assemblies

Assemblies are special events at Comstock Park. Every assembly, even the most routine, provides a welcome change in the everyday schedule.

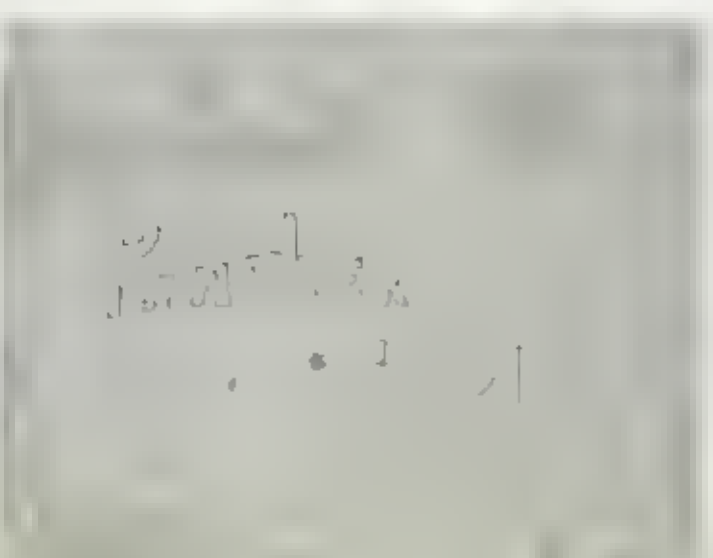

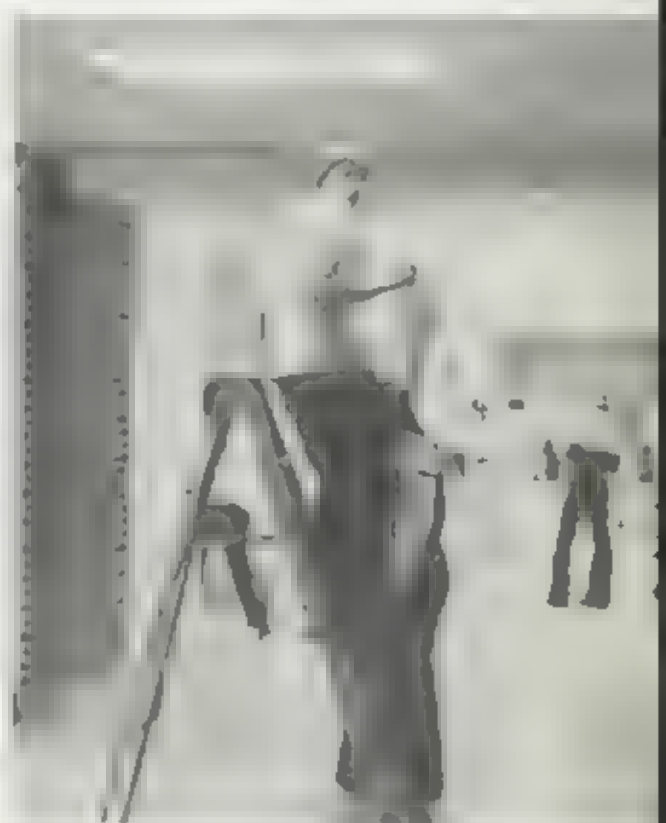

The Best In The West

February 10-14 was Pep Week this year, one that will be long remembered. The Freshmen started off the festivities on Tuesday when they came dressed in the manner of the old West to go with their theme "The Panthers are the Best in the West". Wednesday brought the Sophomores and their theme: "The Rise and Fall of the Wildcats". This day was highlighted by the appearance of Cleopatra herself at lunch hour. Thursday was the Junior's, and they celebrated a Panther victory with a party for the entire day. The Seniors came on Friday, bringing Alice Cooper, Kiss, Elton John and many other stars of the recording world to boogie on to a victory. Then came the Pep assembly, and with their various skits the classes tried to prove to the judges that they had the most spirit of all. Then, when all the skits and concerts were over, the winner was announced. Runners-up were the Sophomores, but the Seniors took first.

The Snow King dance is an annual event sponsored by Hilde as tradition and a way to raise funds for the yearbook. Each of the classes selects a Snow King representative, and then in the week prior to the dance the students get a chance to vote for their favorite representative. At the dance after the game the winner is announced and crowned Snow King.

This year the Hilde staff worked extra hard to make the dance a success. The Stage Band set the mood and the suspense mounted as the time for the crowning drew near. At last the anticipated moment came, and the winner and the 1975 Snow King was announced as being Dan Meyers!

Voice Of The Students

It would be impossible to name all the services that the Student Leadership Class performs for the students. The representatives are elected by the student body to speak for them to the school authorities concerning the wants and needs of the students. Uncountable hours are spent fulfilling this obligation and how well they do is quite apparent to all. If not for the Student Leadership Class, the students must have no voice at all in school affairs. For this service and all the things they do for us we would like to say thanks

Participation Above All

For the students in this honorable organization, participation is the word. Participation in the classroom, in activities, in sports, in life in general. They strive to maintain a high level of excellence in everything they do, and rightfully take pride in their achievements.

There are all types of clubs at a school, and this club is for people who like to ski. Advised by Miss Jean and Mr. Taylor, these students got together and took trips to local ski slopes so they could do what they liked to do best: ski.

Displaying Their Talents

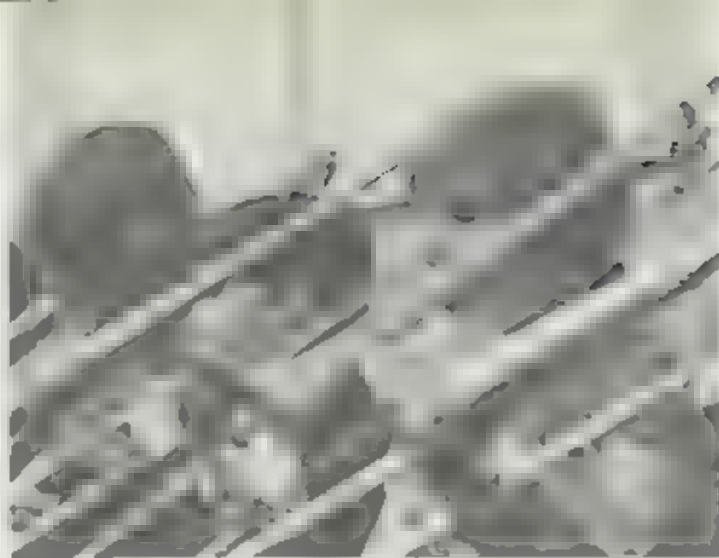

The school year of 1974-75 was a year for music as the members of the CPHS Concert and Marching Band displayed their talents. This multi-faceted organization appeared at assemblies, halftime shows, and concerts, providing musical entertainment for all. Directed by Mr. Steward, the Band this year achieved much of what they sought to attain

The Stage Band, under the direction of Mr. John Steward, plays music ranging from the "swing" of the 30's to the jazz-rock of today. The effort they put forth is evident in their music, which is heard at assemblies, dances, concerts, and community events. They are in great demand for many of those

functions, which alone is clear evidence of their success.

Audio Visual Aides

An important part of school is the Audio Visual Department, and an important part of the Audio Visual Department are the Aides. School would run a lot slower without them.

Happiness Is

Among the most energetic of the activities is this group of lively young ladies. You find them at pep assemblies, halftimes, and pom-pom clinics. They work hard as entertainers and competitors, and their success is measurable by their numerous trophies and the enthusiastic receptions they get. Their routines look easy, but actually many hours of practice go into perfecting them. It all pays off in the end, however, proving that happiness is indeed being a Pom-Pon Girl.

At C.P., athletics just wouldn't be athletics without the efforts of the Pep Club. These energetic young ladies do their part to help school spirit by putting up signs and posters throughout the halls encouraging our teams and getting the student body fired up. Much effort is put into this activity and it is greatly appreciated by all.

With A Song In Their Hearts

The Girl's Chorus and A Capella Choir not only add a certain distinction to the school system, but they also add a touch of class to the entire area. Under the profound leadership of Mrs. Carla Thomson the Chorus work to perfect the art of vocal music. From Northview to WMU they proudly represent our school with a smile on their lips and a song in their hearts.

Type On

The Last Word Staff members are diligent and unique individuals who devise original methods of publishing both bi-weekly in the *North Kent Leader* and monthly in the school. The newspaper, in its third year of publication is under the advisory of Mrs. Carolyn Plantamura who, amidst typing errors, lost stories, and late deadlines, keeps the staff in working order.

Forensics is a class of competitive speakers who with their orative abilities contend annually with one another in schools in invitational meets, district, regional, and state competition. Multiple Reading, Storytelling, and Radio Broadcasting are just a few of the numerous categories CP is represented in by this group of loquacious individuals.

New Helpers

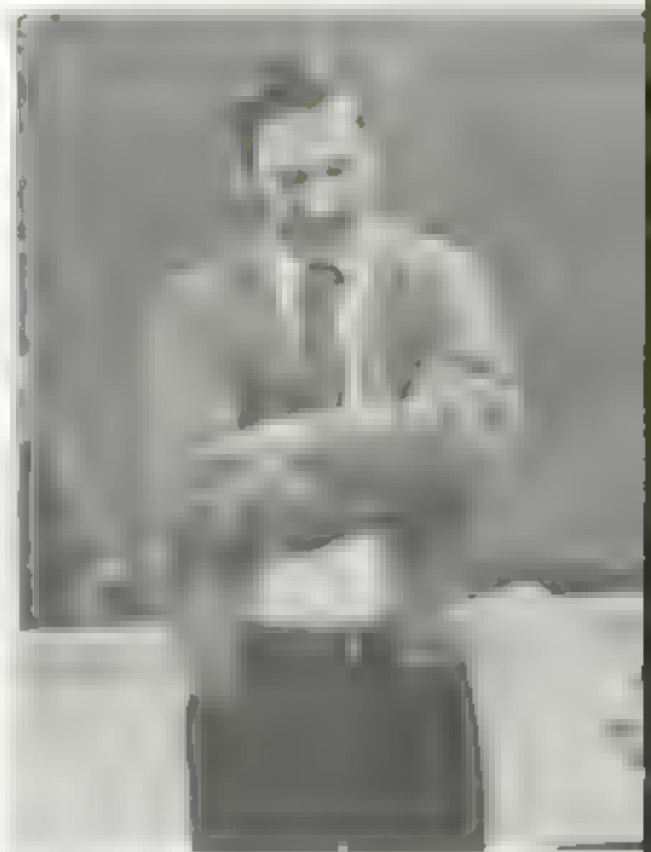

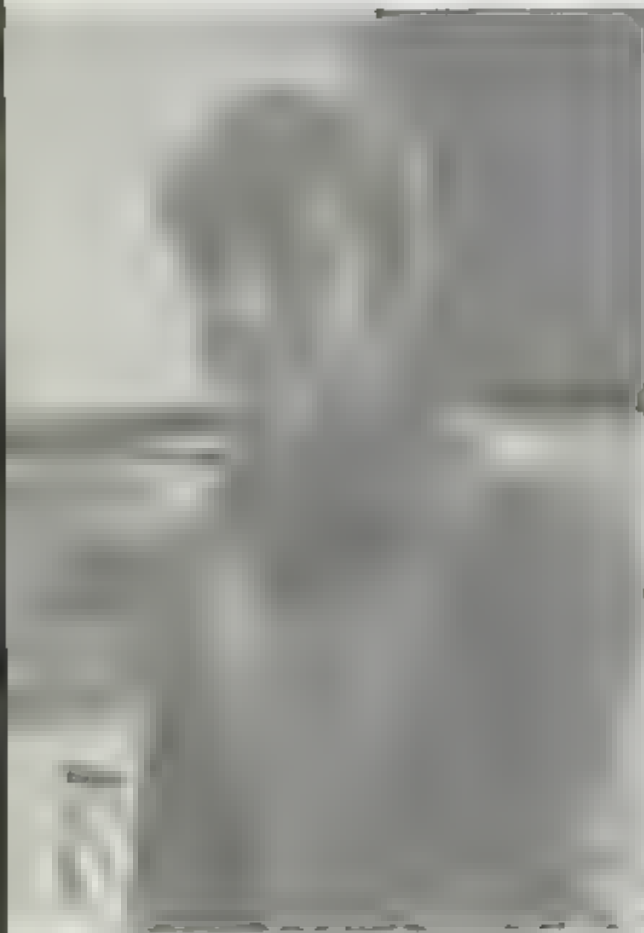

Mat Cats. Mary Hartman, Lisa Hawley, Kathy Zemites, Chris Burdick, Janis Brown. Missing from Picture: Bambi Dalrymple

One of the newest things to be seen at the home wrestling meets this year was the Mat Cats. This group of helpful young ladies fulfills many functions at the meets from mopping the mats to running errands for the scorekeepers. They do such a good job that it is hard for one to remember what we did without them.

The Final Product

Every year the Hilite Staff gets together in an effort to create a yearbook. It is not easy and there are many aspects to this task: Fund Raising, Advertisements, Subscriptions, along with the work that is done on the book itself in the form of layouts and copy. Through the school year much group and individual effort was put forth in the making of this yearbook; the final product

Hilite Mis Takes

Photography is a major part of the yearbook. Here at Hilite we have very rigid picture standards and demand nothing less than perfection from our highly skilled pho-

tographers. We try to stress the basic dos and don'ts of taking candid. For instance

Clarity is a must

Include intellectual subject matter.

No lewd pictures

Remember: grace.

Beauty

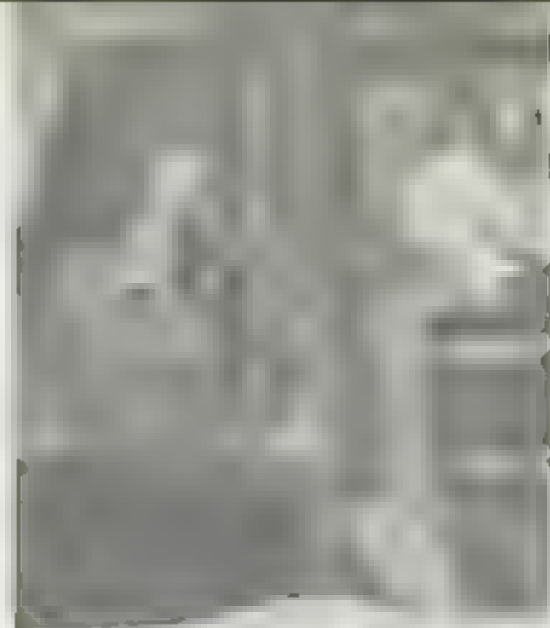

and charm

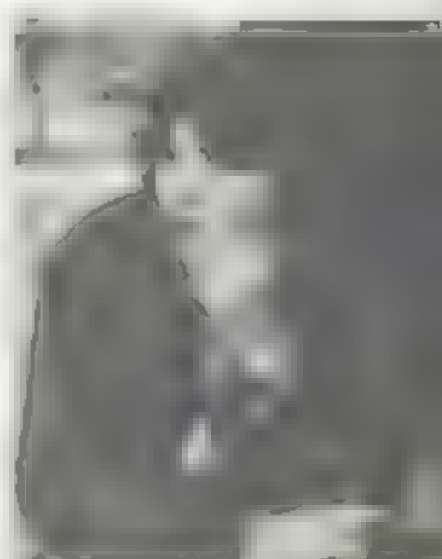

and above all

it's the people who count!

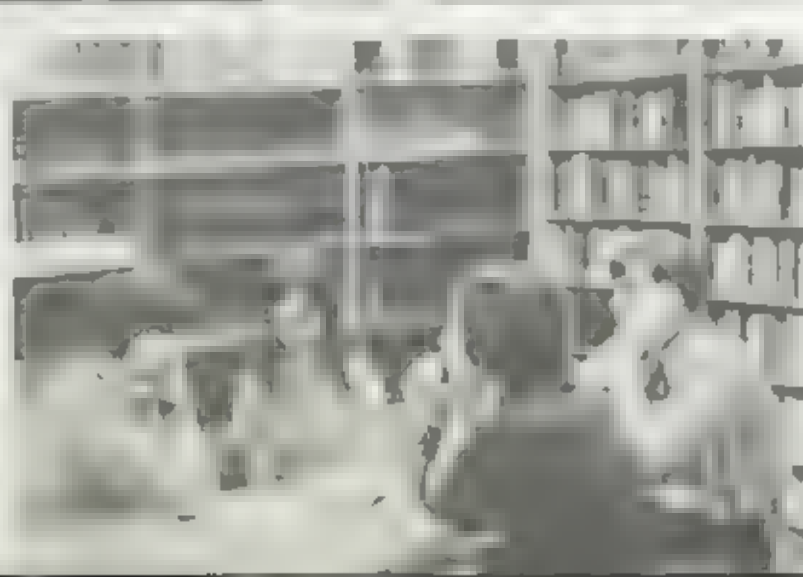

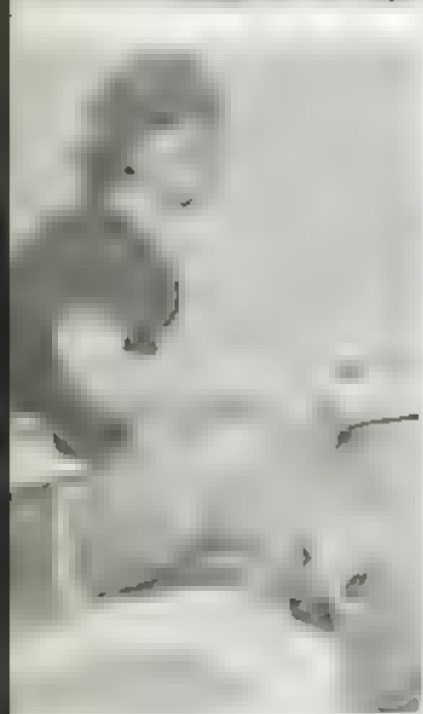

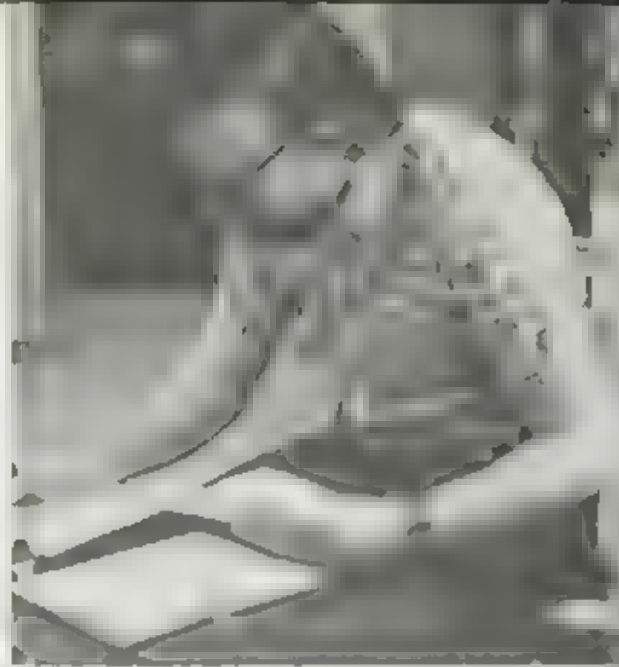

Even Seniors Have Birthdays.

Teachers Revisited

Hilite Mis Takes

In the first half of our lesson we discussed the primary rule of photography, good content. Now we go to the second half of our lesson: timing. It is very important to take

pictures exactly at the right moment. Always remember to catch

natural facial expressions

natural poses

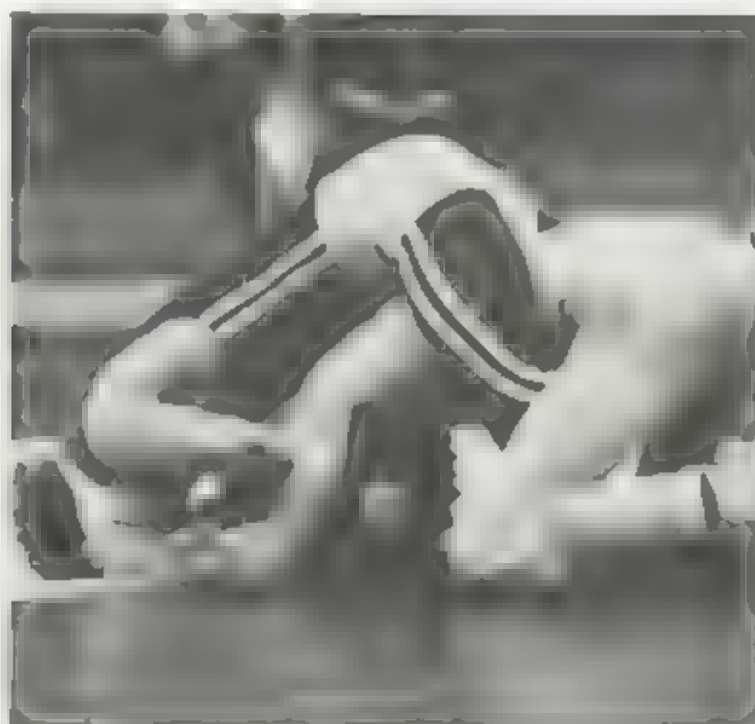

Catch your subjects if work

Wait until you see the white of their eye

Use their good eyes

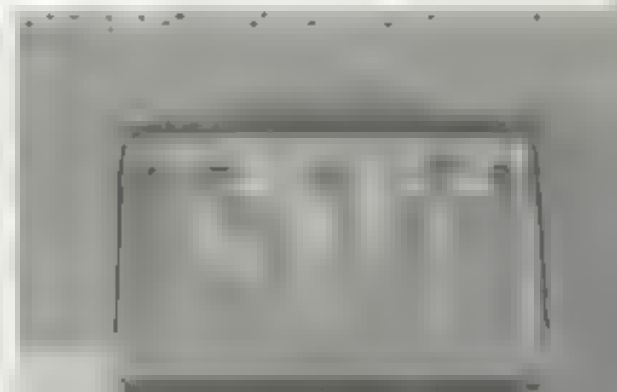

And when
